

CR-M4102B Conference Microphone

The CR-M4102B conference microphone is a desktop speech-only chairman unit. It is easy to use. The speaker only needs to press on the speech request key to speak. There are headphone jack and built-in speaker. The sound is clear and there is a volume control knob..

Features

1. This cardioid condenser microphone is designed with a bicolor indicator. When requesting to speak, the indicator is green. During speaking, it turns into red.
2. There are a built-in speaker, a headphone jack and a volume control knob.
3. Our conference microphone has howling suppression function. When it is turned on, its built-in speaker is automatically closed.
4. The chairman unit has the function to fully control the order of the conference. Its connection position is unrestricted.
5. This conference microphone is a passive component. It is powered by the system host and the input voltage is 24V.
6. The connection mode is T type or hand-in-hand type.

Specification:

Model	CR-M4102B
Power supply	Host-powered
Unit interface	Aviation 8-core dedicated interface
Max. power consumption	3W
Headphone transmission	8-32Ω, 3.5mm mini jack
Directional characteristic	Cardioid
Speaker power	2W
Microphone type	Capacitive diaphragm
Crosstalk attenuation	>80dB
Distortion	<0.1%
Frequency response	60Hz - 18KHz
Signal to Noise Ratio (S/N)	> 80dB
Equivalent noise	≈20dB SPL
Max. SPL	105dB (3% threshold)
Sensitivity	-22Dbv/pa
Color	Dark grey
Dimensions	127Lx146Wx62H (mm)

For the same functions, there is another product available.
